

US Appl. No. 10/767 452

Attorney Docket No. 04-11

Claims.

- 1.(original) A motor vehicle fender having a skin separating the inside and the outside of the fender, wherein said skin possesses a breakable zone suitable for opening when subjected to thrust from the inside towards the outside of the fender.
- 2.(original) A fender according to claim 1, made of plastics material.
- 3.(original) A fender according to claim 1, in which the inside includes an airbag housing situated in register with the breakable zone.
- 4.(original) A fender according to claim 3, in which the airbag housing is integrally molded with the fender made of plastics material.
